## iOS Mobile SDK Package Content

AppNexus|OAS Mobile SDK for iOS package contains the following:

1. iOS SDK library and include files
2. Demo app that illustrates different ad types supported by this SDK as well as sample code
3. iOS SDK document that provides step-by-step instruction on how to build the demo app and how to incorporate AppNexus|OAS Mobile SDK into an iOS application, as well as the complete reference to the SDK API.

## Supported Ad Types

This version of AppNexus|OAS Mobile SDK supports the following ad types:

1. Simple banner ads
2. HTML/JavaScript based rich media banner ads
3. MRAID 1.0 and 2.0 rich media banner ads
4. Simple interstitial ads
5. HTML/JavaScript based rich media interstitial ads
6. MRAID 1.0 and 2.0 rich media interstitial ads
7. VAST 2.0 and 3.0 video interstitial ads
8. VAST 2.0 and 3.0 in-stream pre-roll video ads

## New Features and Fixes
